Before your arrival, please send us your car registration number so that a permit allowing free access to the Calanque can be issued.

Safety information

- Electrical panel: to the right of the entrance door when entering the apartment (to the left when leaving).
- First-aid kit: under the washbasin in the shower room.
- Smoke detector: on the ceiling, between the kitchen and sleeping area.

2. Safety & respect for the property

The Casa is located in a pine forest, in an area particularly exposed to fire risk.

- Strictly no smoking or vaping inside the property.
- Barbecues are prohibited.
- Never leave candles or open flames unattended.
- Smoking is strictly prohibited while walking in the pine forest and on the trails.

Chargers

Do not leave a phone, battery or charger plugged in on a surface that may heat up or catch fire: bed, sofa, fabric, wood, plastic, etc.

Mistral wind, shutters and parasol

The Mistral can rise very quickly and blow strongly. In windy weather or during a prolonged absence, secure the shutters and close the parasol. In very hot weather, partly closing the shutters during the day helps keep the apartment cool.

Water and plumbing

Please use water responsibly and avoid leaving the shower running unnecessarily. To protect the plumbing, only toilet paper should be flushed down the toilet.

3. Facilities & comfort

The kitchen has an oven, microwave, induction hob, extractor hood, dishwasher, fridge-freezer, coffee makers, kettle and toaster. A washing machine is available in the shower room.

Washing machine: please note the capacity

For your personal laundry only. Please do not wash the supplied household linen, tents, shoes, bags, rugs or other items. The washing machine has a small capacity: 2 kg on some programmes and up to 4 kg maximum depending on the programme.

Instruction manuals available

Instructions for the TV, washing machine, dishwasher and ceiling fan/light are available in the apartment.

Ceiling fan/light

The ceiling fan/light is operated with its remote control. The lamp button with small lines changes the colour temperature; the lower bulb button switches off the light; the dimmer controls adjust brightness and the speed controls adjust the fan.

At your disposal

- Plug-in mosquito repellents in the TV cabinet.
- A selection of games in the TV cabinet.
- A beach parasol in the entrance.
- A wheeled shopping trolley.
- Baby equipment on request.
- Sandcastle toys for children on request.

Household linen

- Bed linen provided.
- 1 large and 1 small bath towel per person.
- The towels provided must remain in the apartment and must not be used as beach towels.
- For stays of one week or more, fresh linen is available on request.

4. Cleaning, waste & departure

End-of-stay cleaning is included. Please nevertheless leave the apartment in reasonable condition, put away the dishes and start the dishwasher if necessary.

Household waste

The household-waste bins are located at the entrance to the street.

Recycling

Glass and recyclable packaging should be placed in the containers in the car park above La Redonne-Ensûès station.

If you do not have a car or are short of time when leaving, simply leave the recycling together; Cathy or Corinne will take care of it.

Before you leave

- Close the windows.
- Secure the shutters and close the parasol.
- Switch off any appliances that should be turned off.
- Put away the dishes or start the dishwasher.
- Take out the household waste.
- Take the recycling to the containers, or leave it together if you have no car or are short of time.
- Please report any breakage, fault, leak or other problem.

6. VILLAGE SHOPS – about 3.5 km away

You will find, among other things: bakery/patisserie, supermarket, butcher, greengrocer, pharmacy, florist, optician, doctors and physiotherapists.

There is no petrol station in Ensues-la-Redonne. The nearest are in Le Rove or Carry-le-Rouet, about 6 km away.

7. GETTING AROUND / TRANSPORT

Côte Bleue regional train (TER)

La Redonne-Ensues station is about 350 m from the Casa. TER line 7B runs along the Côte Bleue between Marseille-Saint-Charles and Miramas. It is also a wonderful way to discover the coastline.

For La Redonne station, search for LA REDONNE ENSUES

On-demand bus - line C6

This service can take you to the station, village and shops. One of the pick-up points is at the beginning of Avenue Martin.

- Book via the LeBus à la demande / La Métropole Mobilité app.
- You can also book on the service website or by calling 04 91 22 42 80.
- Bookings can be made up to 15 minutes before departure or several weeks in advance.

Timetables and conditions may change, so please check them during your stay.

Taxis and ride-hailing services

Local taxis are more likely to accept transfers to Marseille Provence Airport or Marseille-Saint-Charles station than short local journeys. Uber cars are fairly rare in the area. For a short trip, ask Cathy for advice.
